

AgApply – The Spraying and Spreading event

Griffith, New South Wales
February 17-19, 2026

Presented by
The Australian Ground Sprayers Association and Circle Media

See the latest technology Learn from the experts. Connect with your industry AgApply brings the spraying and spreading industry together for a dedicated event with personalised presentations innovation, and networking.

From self-propelled and trailing sprayers, spreaders and autonomous technology to nozzles, pumps, and precision systems-AgApply is where Australia's application industry meets.

Event Format

Large site holders will have the opportunity to present machines on a pre determined schedule over the two main trade days, allowing for small group personalised presentations

- **Day 1 February 17**

8am-1pm Trade displays and machine presentations

- **Day 2 February 18**

8am-4pm Trade displays and machine presentations

- **Day 3 February 19**

In field demonstrations

Take this chance to partner with local dealers and capture the audience in a single place with in-pad-dock demonstrations. (To be arranged by yourselves AgApply are more than happy to promote local demonstration times and locations) -

9.30am ASGA AGM
